## **SB 2258 - HB 2369**

January 31, 2000

**SUMMARY OF BILL:** Clarifies that the minimum 180 day sentence for the Class A misdemeanor offense of knowing falsification of a sexual offender registration/monitoring or verification/monitoring form is mandatory. Specifies that no person committing this offense shall be eligible for suspension of sentence, diversion or probation until the minimum sentence is served.

### **ESTIMATED FISCAL IMPACT:**

#### **Increase Local Govt. Expenditures - Not Significant**

Assumes that provisions are a clarification of the intent of the existing law, however, to the extent individuals were not being held for the minimum 180 days for this offense there will be an increase in local government expenditures for the cost of their incarceration. Such an increase is estimated to be not significant.
